Auchrannie Charitable Trust helps local kids celebrate Christmas

15th December 2023

Children in Brodick and Lamlash have been celebrating the festive season early after receiving grants from the Auchrannie Charitable Trust (The ACT) to help fund the annual kids Christmas parties .

Organisers of the events in both villages have each received £600 from the trust to assist with the provision of catering as well as buy presents for every child in each village from birth right up to those in primary 7.

The Christmas parties are a long standing tradition, however the population growth and increasing costs has made it increasingly difficult for parents to raise sufficient funds to pay for the running of the events.

The ACT are delighted to contribute towards the parties and help ensure that all the kids in Brodick and Lamlash have a fun festive season.

Lorna Wylie (Brodick Childrens Party Volunteer) said of the grant “Rising costs and pressures on disposable income has meant staging the parties has become more difficult. The grant from The ACT makes a big difference to our fundraising efforts and helps ensure the kids have the party they deserve.”
